

Are your staff working "for" or "with" you?

The difference is bankable

Retaining and motivating staff is a key issue facing EVERY Accountant. Bstar invites you to learn the secrets of improving key staff retention and performance.

Our industry leading PD session includes:

- **Retaining and motivating staff** through performance programs
- **Unlocking opportunities** in your client base from succession planning
- **Taking away the worry** of selling by following a proven process for staff investment
- **Gain without pain** - growing your bottom line by creating new profit centres

In this session you will see:

- A preview to an online **business capitalisation rate calculator** (patent pending) for Accountants
- A case study on selling equity to key staff

Grant Bloxham - Founder of Bstar

Grant has presented topical and cutting edge information sessions to over 400 accounting practices in the past year, as part of Bstar's ongoing initiative to educate Accountants about industry practice development issues. Also an Accountant, Grant is passionate about working with his peers to help them reach their potential from effective succession planning and has developed a proven model that assists practices and their SME clients plan for succession.
